Dear Mahmood

Please refer to the text below

Mahmood attended a number of workshops delivered by the Academic Skills Centre (ASC). He actively participated in the workshop activities by expressing his perspectives, opinions, and thoughts in a clear and articulate manner. His contributions to the discussions were valuable and helped make the workshops engaging and interactive for other participants. In addition, Mahmood delivered short presentations as part of the workshop activities and demonstrated effective communication and presentation skills. He also showed professional behavior while working with different participants in group settings and successfully completed the group activities in a collaborative and effective manner. At the end of the program, Mahmood received a few certificates for successfully completing ASC workshops

Dear Mahmood

Sure. I will do that.

Subject: Request for Testimonial Based on Workshop Participation

Dear Dr. Mohammed,

I hope you are doing well at a time like this. My name is Mahmood Alaradi (ID: 202404120). I attended several of the workshops you conducted, including Intrapreneurship, Problem Solving Skills, Creativity, CV and Interview Preparation, Presentation and Communication Skills, and Discovering Your Direction.

I am currently preparing an academic e-portfolio for my “Market Yourself” course, and I would like to include testimonials from mentors and instructors who have contributed to my development. Since your workshops played an important role in shaping my professional and personal skills, I would be honored if you could provide a short testimonial regarding my participation, engagement, or commitment during those sessions.

A brief statement would be more than sufficient and will only be used within my academic portfolio alongside the certificates I received from your workshops.

Thank you again for the valuable sessions you organized and for your time and consideration.

Best regards,

Mahmood Alaradi
